

Alpha Traders Workbook

Lesson 3 - Trendline

Module 3 - Trendline • 38 minutes • Quiz: 1 questions

Lesson Summary

This lesson converts trendlines from visual bias tools into structured confluence components.

Key Takeaways

- Trendline is a confluence tool, not a standalone signal
- Context and touches quality matter more than visual fit
- Break + retest needs confirmation

Learning Objectives

- Draw valid trendline anchors
- Avoid overfitted trendline mistakes
- Combine trendline with market structure
